ADDENDUM

**TO PLANS, SPECIFICATIONS AND SPECIAL PROVISIONS FOR
BITUMINOUS CRACK SEALING
HENNEPIN COUNTY TRANSPORTATION DEPARTMENT**

(To be opened Tuesday, July 19, 2016 at 2:00 P.M.)

ADDENDUM NO. 3

CSAH 4, etal; C.P. 1555

NOTICE TO ALL BIDDERS:

This Addendum shall be attached to the Contract Documents and shall be included as part of said Contract Documents. Items herein shall take precedence over any clauses which they modify in the Contract Documents or portions of plans which they modify or supplement.

PROPOSAL

1. Division A-17 WEP: GOAL SETTING, the first sentence shall be **Deleted** and **Replaced** with the following:

As part of the Contractor's obligations under the Workforce Entry Program (WEP), the Contractor shall make good faith efforts to hire WEP apprentice(s) throughout the duration of the project for a total number of hours not less than 36 hours per every One Hundred Thousand Dollars and No Cents (\$100,000.00) of work authorized by task order(s).

2. Division S-17 (1404) MAINTENANCE OF TRAFFIC, (1707) PUBLIC SAFETY, AND (2563) TRAFFIC CONTROL, Section S-17.2 **Delete** and **Replace** with the following:

S-17.2 TRAFFIC CONTROL TYPE 2 (Lane Closure)

Traffic Control Type 2 will be measured by the number of full lane closures installed and removed as required. A full lane closure is defined as closing one lane to traffic. The closure is limited to one (1) mile in length.

The payment(s) shall be compensation in full for all costs of furnishing, installing, maintaining, relocating, and removing the individual traffic control devices as shown on the Traffic Control Layouts in the Plans and/or as specified in these Special Provisions. The bid price shall also include any extra signing needed to facilitate traffic switches or for transitioning traffic from one stage to another.

If the contractor requests changes in traffic control as shown on the Traffic Control Layout(s), and these changes are implemented, there will be no increase or decrease in the unit bid price for the stage(s) of traffic control.

Payment for furnishing, installing, maintaining, relocating and subsequently removing lane closures as required will be made under Item 2012.613 (Traffic Control Type 2) at the Contract bid per unit day.

If more than a single lane is required to be closed, the Contractor will be compensated as follows:

Double Lane Closure	price of Traffic Control Type 2 times 1.5
Triple Lane Closure	price of Traffic Control Type 2 times 2.0

For each additional mile or portion of a mile, the Contractor will be compensated at a rate of 0.25 times the price of Traffic Control Type 2.

Example Calculations: Bid Price for Traffic Control Type 2 = \$100.00 per unit day

1. Contractor uses one 1.5 mile lane closure: $(1 \text{ mile}) * \$100.00 + (0.5 \text{ mile}) * 0.25 * \$100.00 = \$125.00$ for the set up
2. Contractor uses two one mile lane closures on two separate locations: $(1 \text{ mile}) * \$100.00 + (1 \text{ mile}) * \$100.00 = \$200.00$ total for both set ups

For low speed roadways as defined in the Field Manual, the Contractor will be compensated at a rate of 0.75 times the price of Traffic Control Type 2.

TRAFFIC CONTROL TYPE 5 (Flagging Operations)

Traffic Control Type 5 will be measured by the number of flagging operations installed and removed as required.

The payment(s) shall be compensation in full for all costs of furnishing all elements of the required flagging operation (including flag persons, signing, and pilot cars as needed).

Measurement will be made by the number of flagging operations that are in service on the Project. Payment will be made under Item 2012.613 (Traffic Control Type 5) at the Contract bid per unit day, which shall be compensation in full for all costs for each flagging operation provided.

3. **Remove** (1910) Fuel Escalation Clause from proposal documents (Item 16 in Index).

ELECTRONIC BID FORM

The following quantities are hereby **DELETED** from the Electronic Bid Form:

<u>Item No.</u>	<u>Item Description</u>	<u>Units</u>	<u>Quantity</u>
2012.602	TRAFFIC CONTROL TYPE 3	EACH	9

The following quantities are hereby **ADDED** to the Electronic Bid Form:

<u>Item No.</u>	<u>Item Description</u>	<u>Units</u>	<u>Quantity</u>
2012.613	TRAFFIC CONTROL TYPE 2	UNIT DAY	18
2012.613	TRAFFIC CONTROL TYPE 5	UNIT DAY	5
