EXPERIENCE OF PERSONNEL

Technicians may be employees of prime or subcontractor. This project requires that a minimum of one (1) approved historic masonry technicians is assigned to the project to perform the historic stone masonry work as described in the Plans and Specifications. Technicians may supervise crews of experienced masons. At least one (1) approved historic masonry technician must be on site at all times that masonry work is being conducted. The Contractor shall provide a sufficient number of approved historic masonry technicians to complete the work of this project in accordance with the Plans and Specifications.

Historic stone masonry technician qualifications:

1. Historic stone masonry construction projects must have been completed in accordance with the Secretary of the Interior's Standards and according to plans and specifications signed by a project Historic Architect as defined in Special Provision (1103) Definitions.
2. Historic Stone Masonry Technicians shall have completed three (3) projects in the last eight (8) years that meet all the following requirements:
 - a. Qualifying historic stone masonry projects must be eligible for or listed on the National Register of Historic Places.
 - b. Each qualifying historic stone masonry project must have a contract amount at or in excess of \$60,000 for the historic stone masonry restoration work.
 - c. The historic stone masonry work for one of the three qualifying projects must encompass at least 2,000 square face feet.
3. Projects will have included, at minimum, the following:
 - a. Use of custom mortar mix to match historic mortar in color, texture and material
 - b. Provision of new stone to match historic material in color, variety, texture, grain, veining, finishes, size and shape to match historic stone
4. Technician shall have a minimum of three (3) years full time experience working on historic stone masonry projects. Full time is defined here as a minimum of a five (5) month construction season per year, 40 hours per week.
5. Technician shall have a minimum of one (1) year full time experience with bidder's firm (prime or sub). Full time is defined here as a minimum of a five (5) month construction season per year, 40 hours per week.
6. Experience installing standard unit masonry, brick or new stone masonry work does not qualify as experience for this project.
