EXPERIENCE OF BIDDER

Related Sections: (1103) Definitions

Historic Stone Masonry Firm Qualifications

1. Construction of qualifying historic masonry projects must be in accordance with the Secretary of the Interior's Standards according to plans and specifications signed by a project
2. Historic Architect as defined in Special Provision (1103) Definitions. Prime Contractor or Historic Masonry Restoration Specialist Subcontractor shall have completed three (3) historic stone masonry projects in the last five (5) years that meet all the following requirements:
 - a. Qualifying historic stone masonry projects must be eligible for or listed on the National Register of Historic Places.
 - b. Each qualifying historic stone masonry project must have a contract amount at or in excess of \$60,000 for the historic stone masonry restoration work.
 - c. The historic stone masonry work for one of the three qualifying projects must encompass at least 2000 square face feet.
3. Contractor shall submit three (3) color photographs for each historic stone masonry project. Label and number each photograph with the name of the project, year completed and extent of work. Photographs shall include the following:
 - i. Labeling and dissembling of historic stone.
 - ii. Rebuilding/repointing of historic stone masonry.
 - iii. Completed portions of the work.
4. Qualifying historic stone masonry projects will have demonstrated the following:
 - a. Use of custom mortar mix to match historic mortar in color, texture and material.
 - b. Provision of new stone to match historic material in color, variety, texture, grain, veining, finishes, size and shape to match historic stone.
 - c. At least one qualifying project must include rebuilding of historic stone masonry on new footings.
