RE: Coverage Under NPDES/SDS General Stormwater Permit for Construction Activity
(MNR100001) for: Lowry Ave Bridge Replacement Phase II - CSW (ID# C00030081)

Dear Mr. James N Grube:

Thank you for submitting your completed construction stormwater permit application for the above-referenced project. The Minnesota Pollution Control Agency (MPCA) is pleased to inform you that you have been granted coverage under the National Pollutant Discharge Elimination System (NPDES)/State Disposal System (SDS) Stormwater Permit ("Permit") for Construction Activity. Permit coverage for this project started on June 15, 2010, seven (7) days after the postmarked date of your completed permit application form.

You are required to comply with the terms of the Permit to prevent erosion and control sediment from your site with the procedures established in your Stormwater Pollution Prevention Plan (SWPPP). You are also required to upgrade your SWPPP and erosion prevention and sediment control Best Management Practices (BMPs) as site and weather conditions dictate throughout the entire term of the project.

Enclosed, with the **contractor's copy** of this letter only, you will find a "Notice of Stormwater Permit Coverage" certificate for this construction project. Once all construction activity has been completed at this project, you must submit a "Notice of Termination" (NOT) form to the MPCA within 30 days of meeting the conditions outlined in Part II (C) of the permit. Please check the MPCA Web site (www.pca.state.mn.us/water/stormwater/stormwater-c.html) or call to request an NOT form and fact sheet.

Please save this letter for your records. If you have any questions about permit coverage for this project, please contact the Construction Stormwater Program at 651-757-2119 or toll free at 800-657-3804.

Sincerely,

Brian Livingston
Supervisor, Stormwater Policy & Technical Assistance Unit
St. Paul Office
Municipal Division

cc: Mr. James N Grube

Notice of Storm Water Permit Coverage

The Construction site identified below is covered under the National Pollutant Discharge Elimination System General Permit (MNR100001) and is authorized by the Minnesota Pollution Control Agency to discharge storm water associated with construction activities.

Owner:

Hennepin County Transportation Department

General Contractor: Hennepin County Transportation Department

Project Name:

Lowry Ave Bridge Replacement Phase II - CSV

Identification Number: C00030081

June 15, 2010

Date Issued

If you have questions regarding the storm water program for construction activity, please access the MPCA's storm water site at <http://www.pca.state.mn.us/Waters/stormwater.html>, or call the Construction Stormwater Program at 651-757-2119 or toll free at 800-657-3804.
