### NOTICE TO CONTRACTORS

Contractors that bid on Hennepin County Road and Bridge Project can now access plan support documents such as soil boring reports, building data sheets, well disclosures and hazardous environmental reports.

In order to access these reports online, contractors will be required to request a logon I.D. and password. This can be done by submitting the 'Road and Bridge Projects Contract Bidders Identification Request' at www.hennepin.us/egram.

When you receive your user I.D. and password, you will be given user instructions which will enable you to logon and enter https://egram.co.hennepin.mn.us/

These documents will also be available in hard copy for review only at the Hennepin County Public Works Facility in Medina.
